MEMORANDUM FOR: Write Your Own (WYO) Company Principal Coordinators, WYO Vendors NFIP Direct Servicing Agent, and Independent Adjusting Firms

A handwritten signature in blue ink, appearing to read "Roy E. Wright".

FROM: Roy E. Wright
Deputy Associate Administrator for Insurance and Mitigation
Federal Insurance and Mitigation Administration

SUBJECT: **Notice of the Limited Waiver of the Standard Flood Insurance Policy ("SFIP") to Extend the Time for Sending Proofs of Loss in the States of Arkansas and Louisiana for Claims Related to Torrential Rains Commencing on May 16, 2015 through June 16, 2015**

The National Flood Insurance Program (NFIP) requires a policyholder to send the insurer a complete, signed, and sworn-to proof of loss within sixty (60) days after the date of loss. The proof of loss requirements are set forth in the SFIP Section VII, Paragraph (J) (4) (Dwelling Form and the General Property Form) and Section VIII, Paragraph (J) (4), (Residential Condominium Building Association Policy Form). Requirements for supporting documentation that must accompany the proof of loss are set forth in paragraphs (J) (4) (f) through (J) (4) (i).

Properties insured by the NFIP in the above-referenced states of Louisiana and Arkansas experienced flood losses as a result of torrential rains beginning May 16, 2015. In many instances, access to NFIP-insured buildings is not possible due to damage to the infrastructure and high water. These conditions may delay the claims process for many NFIP policyholders.

Because NFIP policyholders may encounter difficulties filing a timely proof of loss, FEMA is providing a limited waiver of the 60-day time limit and an additional extension of time for filing the proof of loss. The authority for this is found in Paragraph D of the General Conditions section of each SFIP and 44 C.F.R §61.13 (d).

Pursuant to Paragraph D of the General Conditions section of the SFIPs and 44 C.F.R §61.13 (d), I here authorize an additional 180-day extension of the time period within which a policyholder must submit the requisite signed and sworn-to proof of loss with their NFIP insurer. With this extension, an NFIP policyholder will have a total of 240 days after the date of loss to provide the completed, signed, and sworn-to proof of loss to the insurer. This extension shall apply to all claims for the flood damage related to the Louisiana and Arkansas flooding occurring May 16, 2015 through June 6, 2015, to NFIP-insured building and insured contents in the above-

Notice of the Limited Waiver of the Standard Flood Insurance Policy (“SFIP”) to Extend the Time for Sending Proofs of Loss in the States of Arkansas and Louisiana for Claims Related to Torrential Rains Commencing on May 16, 2015 through June 16, 2015

July 27, 2015

referenced states. This limited waiver applies to SFIPs issued directly by FEMA or by private insurance companies participating in the NFIP’s Write Your Own Program.

For example, under the SFIP, the NFIP policyholder who incurred a flood loss on May 16, 2015, must normally send his or her proof of loss to the insurer by July 15, 2015. With this 180-day extension, the policyholder must now send a completed signed and sworn-to proof of loss by January 16, 2016. We anticipate that this additional 180-day extension will enable policyholders to time present their claims. FEMA will continue to monitor claim activity to determine whether further extensions may be warranted.

By granting this limited waiver and extension of the time period to send a proof of loss, FEMA does not hereby waive any other provisions of the SFIP, and all other terms and conditions of the SFIP remain in effect. However, if for a valid reason the policyholder is unable to submit their signed sworn-to proof of loss within this time period, the insurer may submit to the Associate Administrator a request for a waiver of this time extension. Each such request will be handled by FEMA on a case-by-case basis.

We ask for your full support. Any questions or comments regarding this extension should be directed to Lloyd Hake, Federal Insurance and Mitigation Administration. Mr. Hake may be reached by email at Lloyd.Hake@fema.dhs.gov.
